

ONLINE SIGNPOSTS

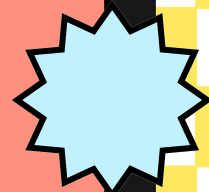

FREQUENTLY ASKED QUESTIONS

Q1: Is Online Signposts free?

Yes, it is free! Interested parents or caregivers may sign up via the course [link](#) provided.

Q2: What are the benefits of Online Signpost?

Online Signposts provides parents and caregivers with strategies and tips to promote positive behaviour in young children aged 3-6 years old. By understanding children's behaviour better, parents and caregivers develop skills to manage various situations and communicate more effectively with their child.

Q3: Do I need to complete the whole course in one sitting? How much time is required for me to complete the course?

The time taken for completion will vary by individuals, but it will approximately take an average of 4 hours in total. However, you may complete the course in multiple sittings! Your progress will be saved automatically and you will have 1 month to complete the course in your own time.

Q4: What are some examples of the content covered in Online Signposts?

Several examples include how parents can strengthen their relationship with their child, change their child's behaviour, and prepare and plan for challenging situations. Parents can also expect videos, worksheets and knowledge checks as part of the programme to enhance their learning.

Q5: How useful are the tips and advice from Online Signposts?

Online Signposts is an evidence-informed programme. While every child's progress may differ individually, you can rest assured that the content will definitely be beneficial for you and your child if followed through properly.
